

Required Plugins for SCKLS-Hosted WordPress Sites

DO NOT DELETE OR DEACTIVATE

- **Akismet** (*SCKLS provides PRO version*)
- **Easy Updates Manager**
- **Jetpack**
- **Imagify** (or another approved image compression plugin)
- **ManageWP Worker**
- **Updraft Plus Backup/Restore**
- **Wordfence Security**
- **WP Accessibility**
- **WP-Optimize**

Contact SCKLS staff for recommendations on plugins to install for additional functions for your website, such as an event calendar, site statistics, forms, extra blocks or patterns, or to meet other needs.

ONLY install plugins from <https://wordpress.org/plugins/> or from the navigation sidebar **Plugins > Add New**. **Downloading from any other source constitutes a security risk.**
